iKBBi to launch Corporate Membership at KBB Birmingham

The iKBBi today announced that it will be launching Corporate Membership next week at KBB Birmingham.

Ahead of the launch, iKBBi CEO Damian Walters said: "The decision to introduce a corporate membership was based on a recent rise in enquiries from those businesses in and around the industry are expressing an interest in the organisation. Corporate membership is a great way for businesses within our industry, to support the various exciting standards and educational initiatives we're working on and to connect with thousands of professional installers nationally".

Full details of Corporate Membership will be unveiled at the industry show at The National Exhibition Centre, between the 6th and 9th of March – Anyone interested in finding out more information can visit the stand (G132) or contact Denise Mayell on 01375 659 524, or by emailing denise.mayell@ikbb.org.uk

The iKBBi now represents the largest network of independently accredited kitchen, bedroom and bathroom installers in the UK, with core pillars of Education, Standards and Support. More details can be found at ikbbi.org.uk
